

School Nursing Service

School Health Screening 2025 / 2026 – Results letter

To All Parents/Carers of Year 6,

The School Nursing Service recently visited your child's school to undertake their height/weight as part of the National Childhood Measurement Programme. Your child may hear their height measurements but would **not** have been able to see or hear the numbers of the digital scales used for the NCMP.

To view your child's results please revisit SchoolScreener. If you did not withdraw consent (opt-out) your child may still have been screened, parents/carers are routinely given 2 weeks to consider this option. If you would like to view your child results and did not register initially, please do click on the link below and then follow the Parent Portal instructions. You will not be automatically notified, so will have to click on the icon to see the results letter.

Register to
view results

A member of the school nursing team may be in contact with you to discuss the results after the screening.

To view your child's measurements:

Be Healthy Bucks has a range of support available to you and your child to encourage healthier changes. They have online and face to face sessions to support long term changes within the home whilst covering topics like food label decoding, healthy swaps, physical activity and much more. The sessions are great fun and families really feel the benefits! Simply register online at [Home - Be Healthy Bucks \(maximusuk.co.uk\)](http://Home - Be Healthy Bucks (maximusuk.co.uk)) and get support soon.

Parents and Carers are invited to also have a look at the Health for Kids website. This is an interactive resource for children in primary school, their parents/carers, teachers or others. It contains lots of helpful information on health topics such as emotions, growing up, sleep and behaviour. It can also be translated into different languages or easy read options.
