Dear Parent/Carer,

The Hidden Treasure Hunt

As part of our commitment to helping the environment and being an eco-school, we have signed up to take part in The Hidden Treasure Hunt. It is all about recycling your old, unwanted technology. Anything with a plug, battery or cable can be recycled – even the batteries and cables themselves. Take your items to your local Currys store for rewards.

Hunt out your old, broken or unwanted tech and small electricals. Bag them up and bring them to Currys – you'll get at least a £5 discount voucher to spend on purchases over £25. Scan the QR code in-store at Currys to register your recycling and earn a Planet Care Point for our school. Every point helps us climb the leaderboard for a chance to win tech prizes!

Don't forget to back up and remove your personal data before parting with your tech. Search 'Recycle your electricals delete data' for guidance. If you're taking it to Currys, all tech with personal data will be securely wiped or destroyed to UK Government standards. Before recycling your electricals, safely remove the batteries or bulbs if you can. Then recycle them separately. If you can't remove, recycle the whole electrical.
