April 2026

Dear Parent/Carer

Year 4 Science Bread Tasting

In science, Year 4 are looking at the digestive system. To support their learning and understanding of the process, Year 4 will keep a small piece of white bread in their mouth to experience it getting sweeter as the enzymes are broken down into sugar, before then eating the bread.

Please can you complete the form to give your child permission to eat the bread. There will be gluten free bread for pupils who need it.

<https://forms.cloud.microsoft/e/81QUE1XRPN>

Please reply by Monday 27th April. If we do not receive a response your child will be unable to participate with eating the bread. Please note that we will not be sending reminders to parents to reply to this letter.

Yours sincerely,

Miss Collins
Year 4 Teacher
